Background

Join our vibrant organisation!

As an action oriented conservation charity, Marwell Wildlife’s desire is to connect people with nature. Through enthusing people about the wonders of the natural world we’re certain they’ll share our passion to conserve it. Our success relies on two key things. The impression we create through our 140 acre zoological park, Marwell Zoo, with its wide array of exotic and endangered species, and also the family of talented people we employ, who share our passion and bring our vision to life.

We engage with over 42,000 children and young people through our conservation educational programmes, and welcome over 500,000 visitors each year. In every contact we seek to encourage understanding, and inspire care for the natural world.

Vision
Living in balance with nature.

Mission
Marwell Wildlife is dedicated to the conservation of biodiversity and other natural resources.

Aims
• Conserve species and their habitats, locally and globally
• Inspire care for the natural world
• Undertake and share results of scientific studies
• Improve our environmental performance and promote sustainable living

Organisational Goals
• Delivering our conservation framework through the zoo and international work
• Growing our business by investing wisely and operating efficiently
• Living our vibrant organisation with enthusiastic people focused on shared goals

Values
Warm, welcoming, wise and contemporary

When we recruit we place equal emphasis on exceptional technical ability and personal characteristics to match our brand values.

The Zoo Veterinarian undertakes a key role within the Marwell family. If you are excited by the opportunity to join us read on....

- Clear and effective written and oral communication
- Effective and appropriate decision making skills
- Good organisation and time management skills
- Attention to detail without losing sight of the bigger picture
- Capacity to inspire trust and confidence in others
- Ability to take the lead but also work within a team
Our Brand Values

Our brand is underpinned by four values which are intrinsic to both our outlook and behaviour. It is these values that define our approach to the development of our staff. These values represent a “tone of voice” which is a core part of our brand identity, and one which should resonate through every contact, whether with colleagues, guests, local communities or business contacts.

Warm

‘Enthusiastic, affectionate, kind and supportive’.

This is ‘how we give’ to others. Being warm means showing a genuine interest in other people. Active listening and open, positive body language are key to this. As a charity we respect diversity and cultural sensitivity and are thoughtful, nurturing and concerned about the welfare of others.

Welcoming

‘Cheerfully receiving, bringing pleasure to those we greet’.

This is ‘how we receive’ others. Being welcoming means that we are inclusive in what we do. We share our knowledge and skills with others, whilst respecting their opinions and the pressures they might face. Compassion and empathy are at the heart of this.

Wise

‘Showing experience and good judgement’.

This is how we use our expertise. We need to harness our considerable skills and knowledge in adapting and shaping our outlook. This means reflecting on our experience whilst taking the initiative and responsibility to drive forward the development of our organisation, its people and our charitable objectives.

Contemporary

‘Up to date and current, compatible and relevant to society and present thinking’.

Being responsive, and open to change and new ideas will help ensure that we remain relevant to society and at the cutting edge of present-day thinking. We must constantly review what we do, and have the confidence to commit to ongoing change and development.
