TOTAL Mammals species at the end of 2019: 59						Overall number	1208+
						(+) = groups	
Number of species held over the course of 2019: 153							
Number of species held by the end of 2019: 149							

Group-managed species. Some, but not every individual birth/death is recorded. This means the start and end of year figures do not reconcile.

Periodic census counts are taken to monitor the population, and these are recorded in ZIMS (Species 360)

ZIMS (Species 360) - Zoological Information Management System
