

MLD Rainforests

Session Description

This is an interactive session using a story bag and smartboard activity to help pupils to learn about the conditions in a rainforest and about the different layers of a rainforest.

The smartboard activity focuses on South American species.

Patterns

Learning objective

Pupils gain greater understanding of what conditions are like in a rainforest

National Curriculum Links

P2 (ii), P3 (i), P3 (ii), P4, P5, P6, P7

Year 1 Animals, including humans

- identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals

Year 2 Living things and their habitats

- identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other
- identify and name a variety of plants and animals in their habitats, including micro-habitats

GEOGRAPHY

- understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America
