

# Decision Game

How many points can you get?

**Scenario:**

**You have just moved in to a new house with a good-sized garden, so you start with 5 hedgehog points.**

- What you do with the garden can **earn you more hedgehog points**, but be careful as some **decisions** may make your garden less friendly for hedgehogs and other wildlife, **so you could lose points!**
- **How many points can you get?** Play it with your family to see who can become a

## Garden Champion!

**1. There is a large pile of sticks and branches in the corner of the garden.**

**Do you....?**

- A. Set it alight and have a bonfire to tidy up the garden
- B. Move it to another area before setting it alight
- C. Leave it where it is
- D. Put it on the compost heap

**2. There is an overgrown pond.**

**Do you....?**

- A. Fill the pond in so nothing can fall in it and drown
- B. Leave it as it is
- C. Add some fish
- D. Cut back some of the overgrown plants and add some large stones or logs at the edge

**3. One of the tall fence panels has fallen down.  
Do you...?**

- A. Plant a hedge instead
- B. Replace or repair the fence panel
- C. Repair the fence but cut out a cd-sized hole at ground level

**4. You notice that there are lots of plants eaten by slugs and snails.  
Do you...?**

- A. Put down some slug pellets to get rid of the slugs and snails
- B. Do nothing
- C. Add some garden features to attract hedgehogs, frogs and toads

**5. You want to put out some food for hedgehogs.  
Do you...?**

- A. Put out a saucer of milk
- B. Put out some bread
- C. Put out some meaty cat food and fresh water
