TOTAL Mammals: 181																			
TOTAL Mammal species at the start of 2022: 56																	192	184	61+
TOTAL Mammals species at the end of 2022: 57																			
Number of species held by the end of 2022: 138																			
M.F.U (sex) male, female, unknown																			
* Large group-managed species. Not every individual birth/death are recorded into ZIMS when known. This means the start and end of year figures do not reconcile.																			
Periodic census counts are taken to monitor the population, and these are recorded in ZIMS (Species 360), a global database																			
ZIMS (Species 360) - Zoological Information Management System
