

KS3 Observational Drawing

Session description

An opportunity to get up close to our collection of skulls and animal pelts (many on loan from HM customs and excise).

This is a self-led session giving students the opportunity to use their medium of choice in a close study of our bio artifacts collection (art materials not supplied). A member of the Marwell team will be on hand to answer any questions

Students may then apply what they have learnt to the live species out in the zoo.

Learning Objectives

To develop a greater understanding of the form and pattern of some of the vertebrate species

To engage with and interpret bio artifacts provided.

To produce creative work, exploring their ideas and recording their experiences.

National Curriculum Links

Key Stage 3 Art and Design

To use a range of techniques to record their observations in sketchbooks, journals and other media as a basis for exploring their ideas.

To develop their creativity and ideas and increase proficiency in their execution.
