

## KS4 Animal Care

### Session description

In this session, pupils find out how Marwell fulfills its legal requirements as a modern zoo and conservation charity.

Using real case studies, this lecture theatre based session provides an insight into our policy aim to provide **positive lifetime experience for all animals in our care**.

Students will learn about animal husbandry practices and enclosure design to appreciate the importance of continual research and development for animal welfare and conservation.

### Learning Objective

To develop an understanding of the complexities and requirements of caring for animals who are in decline or threatened in the wild

### Curriculum/Specification Links

#### SCIENCE
